

## SERVICE PRICE LIST UHRENFABRIK JUNGHANS GMBH & CO. KG

Every watch sent in is inspected and analyzed by our watchmakers. The necessary repair measures and spare parts will be compiled in a cost proposal for you.

In the case that the cost estimate is rejected or a watch can no longer be repaired, we will return the watch unrepaired. The analysis & processing fee of €30.00 incl. VAT and the current postage & packaging fee will be charged. You will receive a separate invoice for this.

The return shipment will be made immediately after receipt of payment.  
If we do not receive payment within 6 weeks, your watch will be properly disposed of by us.

VALID FROM 1 JUNE 2024

## PRIMARY MAINTENANCE SERVICE – MOVEMENT REVISION

- 1 Hand-winding, self-winding, self-winding function (chronograph, calendar, etc.)

- Multiple-day final check of functions

<b>Technology</b>	<b>recommended retail price of Uhrenfabrik Junghans</b>
<b>Secondary maintenance service</b>	
Solar quartz	103,00 €

As is the case with every precision measurement instrument, a watch should be serviced regularly to ensure that it functions faultlessly. The frequency of maintenance depends on the model, climate, and how the watch is handled and worn. We recommend a major service every 4 to 6 years, including a comprehensive inspection of winding up, power reserve and functionality.

Changing the battery, cleaning the case and, if necessary,  
the metal strap/clasp, replacing the back seal, checking the water resistance

35,00 €

## REPARATION OF HISTORIC CLOCKS AND WATCHES

We also repair historic Junghans clocks and watches.

As a rule, this involves the drawing-up of a detailed cost estimate following analysis. If it becomes apparent during the analysis stage that replacement parts are required that are no longer available, we will be unable to conduct a reparation.

### How to contact us:

Uhrenfabrik Junghans GmbH & Co. KG  
Service  
Geißhaldenstraße 49  
78713 Schramberg

Telephone: 0049 7422 - 18 999  
Fax: 0049 7422 - 18 665  
E-Mail: info@junghans.de

### Online service portal and payment process

The easiest way to report your service case to us is by using our Online Service Portal at [www.junghans-shop.com/service-portal](http://www.junghans-shop.com/service-portal). Only three steps are required for this. It also offers you the advantage of being able to access your service status at any time online. If a cost-incurring repair is required, you can pay for this conveniently via credit card, PayPal or instant transfer. If you do not use our Online Service Portal, you can also pay in advance or via cash on delivery.

### Shipping

Should your Junghans watch require a service or repair by our customer service, to ensure smooth and uncomplicated processing please note the following points:

Pack your watch in a padded and sturdy package to protect against shocks. Please do not send your watch in with the original Junghans packaging, as we will send you your watch back in a Junghans service package.

To pursue guarantee claims, please enclose to the watch the guarantee card, completed in an orderly manner and a copy of the invoice.

We recommend sending the package via insured parcel delivery.

### Repair guarantee

We provide a guarantee of 24 months on the work carried out. Should a defect occur that is covered by this guarantee, we shall repair or replace components as we see fit. Further rights in association with faulty execution are expressly excluded. This guarantee excludes normal wear and tear and obvious physical damage. The guarantee becomes invalid with the intervention of persons that are unauthorised to do so by Junghans.
